

## HIGHWAYS ENGLAND UPDATES

## A14 and M11 essential works

Our contractors Balfour Beatty have continued to make good progress on our A14 and M11 programme of essential works with the recent good weather helping to increase productivity. The final section of earthworks in on the A1307 is well underway and will be completed next week. This will be followed by the installation of the new road restraint system and the resurfacing over the Huntingdon Road Bridge.

The work on the A428 beneath Cambridge Road Bridge where we are carrying out some embankment repairs and improving the access to the bridge bearings is on schedule. The traffic management on the westbound carriageway will be removed next week and the work on the eastbound side will continue for another few weeks.

The A14 J31 – 34 central reservation barrier works very near completion and as soon as they are done the remaining 40mph speed limit will be lifted.

### Current schedule

Here's the current schedule of works that Balfour Beatty are carrying out on behalf of Highways England. Remember schedules may change at short notice, for example due to bad weather.

When	Where	Activity	Diversion
Lane 2 Closures East Bound and Westbound Completes early May 2016	A14 Junction 31 to Junction 34	Central reservation barrier renewal	No diversion required.
26 <sup>th</sup> April for up to 4 weeks	Overnight A14 east bound J33 'up and over' closure	Embankment repairs and vehicle restraint system upgrade.	All eastbound traffic will exit the A14 at J33,

			traverse the roundabout and re-join the A14 via the J33 eastbound entry slip road.
8 <sup>th</sup> April for up to five weeks.	24/7 lane 1 closure and width restriction on the A428 Westbound beneath Cambridge Road Bridge with 50mph speed restriction.	Embankment repair work and improvements to Cambridge Road Bridge.	<b>Wide load diversion:</b> Follow the A14 westbound to J21 Brampton Hut, then A1 south to Wyboston, then A428 eastbound.
13 <sup>th</sup> May for up to 2 nights	Overnight full closure of the A428 westbound from Girton Interchange to Madingley.	Removal of temporary vehicle restraint system.	All traffic will be diverted onto the A14 eastbound to J24 where local traffic takes the A1198 southbound to Caxton Gibbet. HGVs continue on the A14 from J24 to join the A1 southbound at Brampton Hut and then onto the A428 eastbound.
3 <sup>rd</sup> May for up to five weeks.	24/7 lane 1 closure and width restriction on the A428 eastbound beneath Cambridge Road Bridge with	Embankment repair work and improvements to Cambridge Road Bridge.	<b>Wide load diversion:</b> Wide loads will be pre-diverted from the A1 at the A428, up the A1 to take the A14

	50mph speed restriction.		eastbound as an alternative route.
Continuing on until early June	A1307 embankment and bridge repairs	Earthworks and bridge repairs	No diversion required.

Thank you for signing up to stay informed about the A14 and M11 Essential works. We'll do our utmost to complete these works quickly, avoid disturbance and keep noise to a minimum.

Once complete, the work will result in a smoother and safer A14, better bridges, and clearer directions to Addenbrookes Hospital.
