

We will do our utmost to complete the works as quickly as possible, avoiding disturbance and keeping noise to a minimum. Once complete, the work will result in a smoother and safer A14, better bridges, and clearer directions to Addenbrooke's Hospital. There will also be numerous environmental benefits such as a reduced risk of flooding.

We will keep you informed about further works.

To see full details of the closures and the diversion routes, please see the enclosed annex.
