

Haslingfield Parish Council

Six Free Trees scheme

The parish council are participating in the Six Free Trees scheme run by South Cambs District Council. The six trees will be delivered on the 6 December and we wanted to let you know the plans for the planting of these trees around the village.

The six trees will be planted as follows:

Field Maple, European Hornbeam and Rowan – **Wellhouse Meadow Picnic area**

European Beech – **Wellhouse Meadow dog walking area**

Wild Cherry – **Trinity Close**

Beech – **Chestnut Close Green**

All the trees we have selected are native to the UK apart from the Wild Cherry Tree

The planting will be carried out under the guidance of Andy Klose soon after this date and the tree is being supplied as a bare-rooted tree approximately 60-120 cm, including a Biospiral (bio-based and compostable) and a 90cm bamboo cane.

If you would like to be part of the team to look after any of the trees please contact Cllr Diana Offord by email at:

diana.offord@haslingfieldparish.co.uk

or by phone on [01223 870037](tel:01223870037)

We hope you will enjoy watching the tree mature over the years.

Lise Jackson, Haslingfield Parish Clerk
